

Monthly Bulletin, No. 6.

THE SASSAPARILLA COMPOUND of this compound is almost literally a sulphate of Sarsaparilla. So highly concentrated is it that the dose is but the half of a very small tea spoonful, while the dose of that which is sold in large bottles nearly a wine glass full.

In addition to Sarsaparilla, it contains a powerful concentration of Mandrake, Queen's Delight, Elder, Yellow Dock, Guaiacum and other important medicinal herbs, which are not found in any other preparation.

The Queen's Delight, which forms an essential ingredient in the Greenberg Sarsaparilla Compound, is probably superior to Sarsaparilla itself. Professor Frost, of Charleston, S. C., speaks of it as follows, in the Southern Journal of Medicine and Pharmacy: "Few vegetable productions exhibit more power upon the system generally. So powerfully is its action exerted upon the capillary and secreting vessels, in changing their morbid state or condition and disposing them to a new and healthy action, that it is greatly to be preferred to any other." He further adds "that it is in chronic diseases and chronic inflammation, and also in the long train of consequences that follows syphilis, that its efficacy is best exhibited."

The superiority of the Greenberg Sarsaparilla Compound may be stated thus: 1. It is compounded of a number of the most efficacious vegetables in the whole range of the materia medica in addition to Sarsaparilla.

2. These are so highly concentrated that there are so many more doses in the bottle than in any of the very large bottles ever advertised.

3. This concentration renders it to Sarsaparilla what quinine is to Peruvian bark. The more diluted preparations are no better than ordinary root-bikes, stirring on the stomach and spoiling in the bottle.

To use a weak infusion of Sarsaparilla when a sulphate of the article may be had is like taking back instead of quinine, or like travelling in a scow against a strong current instead of in a swift steamer.

These things being so, let all who have made up their minds to use any Sarsaparilla, use that of the Greenberg Company. It is warranted to be ten times more efficacious than any other known; no matter how large the bottle or extravagant the advertisement. As **SPRING MEDICINES**, the Greenberg Vegetable Pills, the Greenberg Health Bitters, and the Greenberg Sarsaparilla Compound should supersede all others. For universal use the Pills and Bitters are of incalculable value. Those who take them need not fear the enervating effects of summer which is at hand.

Dr. E. EASTERLY'S

Medicated Strengthening Plaster

THIS plaster has been prepared under the immediate eye and superintendence of an old physician, who is a graduate of the University of Pennsylvania, and has had extensive practice for more than 30 years in treating the various diseases incident to this country. He confidently recommends this Plaster, from a thorough knowledge of its virtues, to be superior to every Plaster now in use. By keeping up a gentle perspiration, it is admirably adapted for Pains or Weakness in the Breast, Side, Back or Limbs; also, for the Gout, Rheumatism, Enlargement of the Spleen, Liver Complaint and Dyspepsia, and for Coughs, Colds, Asthma, Difficulty of Breathing, Oppression of the Stomach, &c. To all persons predisposed to Consumption, or who are subject to violent coughs and colds, they are particularly recommended—as they give almost immediate relief, and for pleasantness, safety, ease and certainty, they are decidedly superior to most other remedies.

Persons afflicted with any of the above diseases will find Dr. Easterly's Medicated Strengthening Plaster much superior to anything ever before offered to the public. Physicians, druggists and dealers in Medicines, will find it to their interest to keep a supply of these valuable Plasters on hand to accommodate their patrons.

For sale, wholesale and retail, at the Medical Depot of Dr. E. Easterly, southeast corner of 3d and Chestnut streets, St. Louis, Mo., and by agents throughout the Western States.

For sale by Brown & Dunn, Druggists,—agents for Warsaw, Mo.

FEVER & AGUE.
FEVER and AGUE, Dumb Ague, Chill Fever, Intermittent & Remittent Fevers, and all the various forms of Bilious diseases, speedily and permanently cured by **DR. WATSON'S INDIAN VEGETABLE TONIC.**

This valuable medicine was prepared from an extensive practice of several years in a bilious climate in the Western States, and was never known to fail of curing Fever and ague, or any of the above diseases.

It is equally effectual for the cure of Liver Complaint, Jaundice, Enlargement of the Spleen, (called Ague Cake) and the various forms of bilious diseases. These, with the other various affections of such climates, arising from a common miasmatic cause, are only modifications of the same disease, and equally controlled by the same remedy.

Residents of bilious climates, emigrants or persons travelling through infected districts of country, will not only find Dr. Watson's Indian Vegetable Tonic a safe, speedy and effectual cure, but an absolute preventive.

Each bottle of medicine is accompanied with a pamphlet on the Causes, Treatment and Cure of Fever and Ague, and other form of bilious diseases, containing much valuable information, and may be had gratis of all authorized agents for the sale of the Tonic. None genuine without the written signature of N. F. Watson, M. D., on every bottle, Inventor and Proprietor.

DR. WISTAR'S BALSAM OF WILD CHERRY.

COUNTERFEITS.
The Great Remedy for Consumption of the Lungs, Affections of the Liver, Bronchitis, Asthma, Pain or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION.
A compound balsamic preparation of the Prans Virginia, or Wild Cherry Bark, combined with the extract of the tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

We do not wish to trifle with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hope to suffering humanity, which facts will not warrant.

We ask the attention of the candid to a few considerations. Nature, in every part of her works, has left indecipherable marks of adaptation and design.

The constitutions of the animals and the vegetables of the torrid are such that they could not endure the cold of the frigid zone—vice versa.

In regard to disease and its cure, the adaptation is no less striking. The moss of Iceland, the wild cherry and pine of all northern latitudes, (the Balsam is a chemical extract of these) have long been celebrated for complaints prevalent only in warm climates. Indeed the most distinguished men have ascribed that nature furnishes in every country antidotes for its own peculiar diseases.

Consumption, in its confirmed and incipient stages, coughs, asthma, croup, and liver complaint, form by far the most fatal class of diseases known to our land.

Yet even these may be cured by means of the simple yet powerful remedies which are scattered wherever those maladies prevail.
